SJM and Macao Orchestra Jointly Present “Summer Vibes” Flash Mob

*Enriching Macau’s “City of Performing Arts” Vision
with Vibrant Summer Experiences*

(Macau, 7 July 2026) SJM Resorts, S.A. and the Macao Orchestra once again joined forces to present the “Summer Vibes” Flash Mob, held on 4 and 5 July at Grand Lisboa Palace Resort Macau. Across two days, 15 musicians from the Macao Orchestra delivered an uplifting programme of classical and contemporary favourites to local residents and visitors.

Complementing Grand Lisboa Palace’s summer activations, the performances brought live music into the heart of the resort, where cultural encounters met a lively mix of family entertainment, dining and leisure experiences. The initiative offered guests from the Greater Bay Area and beyond an engaging way to embrace the spirit of summer, while showcasing the city’s rich cultural heritage and contributing to its development as a “City of Performing Arts.”

Building on the enthusiastic response to last year’s edition, the two-day Flash Mob drew a large audience of more than 700 music lovers. The repertoire moved fluidly between classical works and widely loved screen scores, featuring selections from Emmy and Academy Award-winning productions alongside renowned classical compositions, including excerpts from “A Puccini Trilogy,” music from the science fiction and horror television series “Stranger Things,” the Brazilian choro classic “Tico-Tico,” the breakout hit “Golden” from “KPop Demon Hunters” and more.

During each 30-minute performance, the atrium came alive with soaring strings, spirited percussion and familiar melodies. The programme built towards a series of rousing finales, earning warm applause and cheers from audiences and creating memorable musical moments at the height of summer.

The “Summer Vibes” Flash Mob reflects SJM’s continued commitment to advancing “Tourism + Performing Arts” and enriching the seasonal offering at Grand Lisboa Palace. This summer, the resort has evolved into a one-stop destination for family leisure, led by the “All You Can Play & Dine” package, and the residency show “The Adventures of ALICE @ Grand Lisboa Palace Resort Macau” staged every Thursday to Sunday. Guests can enjoy virtual adventures at “Martial Arts Arena” and “AI Wonderland,” explore the giant inflatable playground of “A Grand Candy Gala @ Grand Lisboa Palace,” and discover seasonal menus across the resort’s diverse dining destinations. These experiences cater to guests of all ages, enhancing Macau’s appeal as a premier summer destination for families from across the Greater Bay Area and international visitors alike.

– End –

15 musicians from the Macao Orchestra made a surprise appearance at the Atrium Performance Zone on Level 1 of Grand Lisboa Palace to stage the 2-day “Summer Vibes” Flash Mob performances.

The performance attracted large crowds of residents and tourists, filling Grand Lisboa Palace with resonant melodies.
