### **SJM earns top honours from Wine Spectator Awards 2022**

(Macau, 31 August 2022) Five restaurants under SJM Resorts, S.A. (“SJM”) received awards from the internationally renowned magazine Wine Spectator. These include Robuchon au Dôme and Casa Don Alfonso at the Grand Lisboa Hotel that continue to lead the charts, as well as Best Awards of Excellence attained by The Kitchen at the Grand Lisboa Hotel, and by Palace Garden and Mesa at the Grand Lisboa Palace Resort Macau.

The Grand Lisboa Hotel is the first hotel in China to receive recognition from Wine Spectator. Robuchon au Dôme and Casa Don Alfonso received the Grand Award for 18 and 13 consecutive years respectively. The Kitchen was also bestowed the Best Award for Excellence for the 14th year running, securing SJM's incontestable leadership in the fine dining scene. Ninety-seven restaurants worldwide hold the highest honour Grand Award in year 2022, and only four restaurants from Asia made the list with two from SJM, and one being L’Atelier de Joël Robuchon in Hong Kong under SJM’s parent company STDM.

The exceptional restaurants Palace Garden and Mesa at the Grand Lisboa Palace Resort were awarded Wine Spectator’s Best Award of Excellence in their opening year, on the strength of their wine lists and gastronomic prowess. Critically acclaimed wine sommeliers from the Resort hand-picked world-class labels from prominent chateaux and vineyards, and introduced outstanding aromas and flavours to the collection that transcend expectations, including a variety of organic blends for wine-lovers who are sustainability-conscious. The pairing of fine wines with exquisite Cantonese cuisines at Palace Garden and modern Portuguese dishes at Mesa provide for tantalizing dining experiences that delight every palate.

Ms. Daisy Ho, Chairman of the Board of Directors of SJM, remarked, "Receiving these accolades from Wine Spectator not only proves our relentless pursuit of unmatched quality but our commitment towards sustainability. SJM offers the largest selection of wines in Asia, which includes close to 17,900 labels and over 500,000 bottles of vintage sourced worldwide, bearing testament to Macau’s signature as a UNESCO Creative City of Gastronomy. We have also introduced wines organically produced with sustainable farming practices showcasing our conservation efforts."

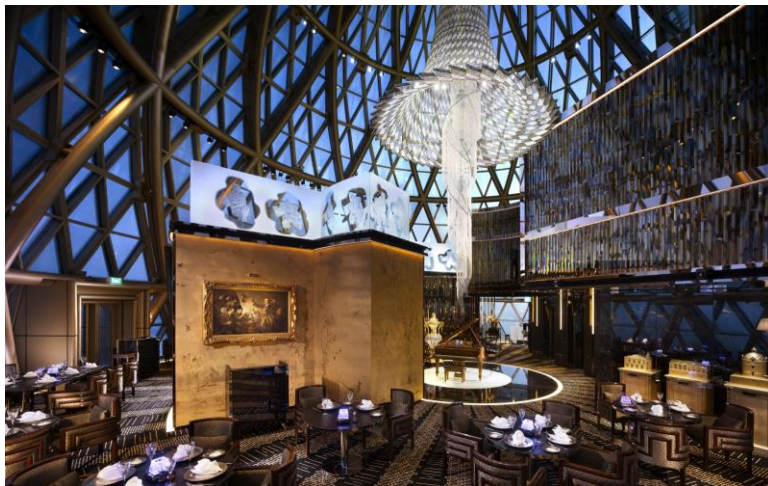

Wine Spectator Grand Award is the highest honour for destinations that exhibit uncompromising devotion to the quality of their wine programs, which typically feature 1,000 or more selections, excellent harmony with the menu, and superior service. The Best of Award of Excellence
