Press Release

SJM Holdings Named to Forbes Asia Fabulous 50 Ranking for 2013

(Hong Kong, 2 December 2013) SJM Holdings Limited has been included on the Forbes Asia's "Fabulous 50" list for 2013, which cites Asia's top listed companies. Mr. Robert McBain, Chief Financial Officer of SJM Holdings, received the award for the company in a ceremony honouring the 50 recipients held in Beijing in November.

The Forbes Asia Fabulous 50 companies were selected from 1,220 Asian companies that had at least US\$3 billion in annual revenue or market capitalization, and were further evaluated for revenue, profits, return on capital, share-price movements and outlook.

Dr. Ambrose So, Chief Executive Officer of SJM Holdings, said, "We are pleased and honoured to be included on the prestigious Forbes Asia's Fabulous 50 list, and to be recognized for our performance and financial strength. As Macau's leading gaming concessionaire and the only one with local roots, SJM continues a long tradition of serving the tourism market and contributing to the Macau community. We face the future with confidence as we undertake the development of a major integrated resort in Macau's Cotai area."
