

PALAZZO VERSACE MACAU SOFT OPENING NOVEMBER 2023

Palazzo Versace opens the first of its luxury hotels in Asia within the Grand Lisboa Palace Resort Macau—the monumental resort that emulates the luxury of Classicism through a contemporary lens and boundary-breaking approach to excellence that is fully reflective of the House of Versace itself.

The Palazzo Versace Portfolio is a celebration of the House of Versace's aesthetic and way of life. To enter Palazzo Versace is to step into the House's signature vibrant opulence—an energetic clash of rich Classical influences from Baroque and ancient Greek culture, with the powerful spirit of modernity, fearlessness, and passion. The hotel showcases the best of Versace craftsmanship, design and iconic style and invites guests to step into the extraordinary world of Versace.

Palazzo Versace is the world's first fashion-branded hotel, and now counts two destinations: Dubai in the United Arab Emirates and Macau, China.

Palazzo Versace Macau features:

- 271 rooms and suites across 12 floors within one of the Grand Lisboa Palace Resort Macau's three hotel towers, each with bespoke Versace linen and upholsteries
- Design evocative of an Italian Palazzo, with a full immersion in Versace's Milanese heritage and signature luxury
- The iconic Medusa head that symbolizes the House, the geometric Greca motif, and the opulent Barocco print are each rendered in alternate exquisite craft finishes and interplay with symbols rooted in local Chinese custom—the chrysanthemum flower and an ornate dragon—in a design expression unique to Palazzo Versace Macau
- Extensive traditional Italian terrazzo flooring and mosaics handcrafted by Fantini Mosaici, the fourth-generation Milanese artisans whose dedication to superior Italian craftsmanship is equally fundamental to the Versace House
- Two Italian restaurants; the MICHELIN-starred, family-owned Don Alfonso 1890, and La Scala del Palazzo
- Selection of wellness offerings, including spa facilities with private treatment rooms, a Versace rendition of the Turkish Hammam, and indoor and outdoor swimming pools
